INTERVIEWER INTRODUCTORY SCRIPT

Hello, my name is (NAME), an interviewer with Westat, Inc. Brandeis University and Westat are conducting a survey for the U.S. Public Health Service, which is in the U.S. Department of Health and Human Services. Are you (RESPONDENT'S FULL NAME)?

PROBE AS NEEDED TO CONFIRM RESPONDENT'S IDENTITY WITHOUT SPECIFYING ANY DETAILS FROM THE RIS OR TIMELINE ABOUT RESPONDENT'S HISTORY OR ABOUT THE TOPIC OF THE ADSS. AFTER CONFIRMING THE RESPONDENT'S IDENTITY AND ASSURING PRIVACY, CONTINUE:

I am contacting you in relation to the Alcohol and Drug Services Study, a survey we are conducting for the Substance Abuse and Mental Health Services Administration, an agency of the U.S. Public Health Service. The Alcohol and Drug Services Study is designed to collect information that will answer questions about the outcomes of treatment, in an effort to help people who enter treatment in the future.

HOW WE SELECTED YOU -- Under U.S. Public Health Service guidelines, Westat selected about 300 treatment facilities in the U.S. to gather information on treatment services. Within those treatment programs, the researchers randomly selected about 6,000 treatment clients to include in this study on treatment services. Your treatment in (ADMISSION MONTH/YEAR) at (FACILITY NAME) was selected in that process.

We want to assure you that there are important protections for your confidentiality and privacy. Information that identifies individuals in treatment is never known beyond employees actively engaged in the research. Only a study ID number is linked to information given by a study participant. As a Westat employee, I also have signed Westat's pledge of confidentiality that I will never disclose any respondent's identity or information they give in response to survey questions.

Here is a Consent Form that explains the study in more detail. (SHOW CONSENT FORM A TO RESPONDENT AND READ IT ALOUD AS THE RESPONDENT READS IT.) I would be happy to answer any questions you might have.
