# NATIONAL DRUG ABUSE TREATMENT SYSTEM SURVEY (NDATSS) CODEBOOK<sup>1</sup>

## Introduction

The National Drug Abuse Treatment System Survey (NDATSS) is a longitudinal program of research into organizational structures, operating characteristics, and treatment modalities of outpatient drug treatment programs in the United States. This is done through interviews with program directors and clinical supervisors. In some publications, this research is referred to as the Outpatient Drug Abuse Treatment Studies (ODATS).

Data being released through the Substance Abuse and Mental Health Data Archive (SAMHDA) include Wave II (1988), Wave III (1990), and Wave IV (1995).

Wave I (1984) of NDATSS included only drug-free outpatient treatment programs. Wave II saw a significant redesign; most notable was the inclusion of methadone-based, as well as outpatient treatment programs. Wave I is not planned for public release because it had a significantly different sample design than the other waves.

## Sample Design and Universe

### Wave I

Though Wave I is not a part of this public release, its sample design is relevant due to the longitudinal design. A stratified random sample of n=413 outpatient drug treatment units were selected. The sample was selected from national databases of federally supported treatment programs and was restricted to outpatient drug treatment programs that were drug-free (i.e., they did not use methadone or related treatments). Alcohol treatment programs were excluded. The primary stratification criteria included: location (inner city, suburban, rural), funding agency (NIMH or NIDA), and program classification (freestanding versus those based in a community mental health clinic (CMHC)).

### Wave II

As mentioned previously, the survey population for Wave II was expanded to include methadone-based treatment programs. The Survey Research Center's (SRC) sampling section developed a comprehensive national frame of approximately 8149 program listings to meet the expanded sample requirements. The primary stratification criteria of the National Sample Frame of Drug Treatment Programs (NSFDTP) had: public versus private program, methadone versus drug-free treatment, and program type (CMHC, hospital, or freestanding). After selecting a stratified random sample, screening for eligibility, and selecting a stratified subsample, 438 programs were chosen for inclusion in the survey.

---

<sup>1</sup> Sections of this codebook were taken from Steven G. Heeringa, "Outpatient Drug Abuse Treatment Studies (ODATS). Technical Documentation for ODATS IV." SRC Survey Design and Analysis Unit. Institute for Social Research, March 12, 1996 and from P. Flyer, "Final Weighting Documentation". Sampling Section, Survey Research Center, Institute for Social Research, 1990.

In addition to these programs, an additional 207 programs from Wave I were deemed to be eligible programs and were added as a recontact sample. A total of 575 programs provided a program director interview, a clinical supervisor interview, or both.

### Wave III

No sample of new programs was included in Wave III, which was a longitudinal follow-up of the programs that were successfully interviewed in Wave II. In Wave III, 550 programs were found to be still operating and eligible, and 481 total programs provided a program director interview, a clinical supervisor interview, or both.

### Wave IV

Wave IV included both a longitudinal sample of those programs that completed waves II and III, and was also supplemented with a new stratified random sample from a completely updated National Frame of Substance Abuse Treatment Programs (NFSATP).

Interviews were attempted with the 429 programs that participated in Waves II and III, and were also still operating and eligible. In Wave IV, 387 total programs provided a program director interview, a clinical supervisor interview, or both.

The sample frame for the new supplemental cross sectional sample is a subset of the NFSATP. The full NFSATP database is the integration of four drug treatment program databases:

- National Facilities Register (NFR), 1992 NDATAUS (a predecessor to the National Survey of Substance Abuse Treatment Services, N-SSATS) – provided to the SRC by the Substance Abuse and Mental Health Services Administration (SAMHSA).
- The 1994 American Hospital Association (AHA) Survey – added to ensure comprehensive coverage of hospital-based programs.
- 1994 FDA List of Licensed Methadone Treatment Programs – printed list provided to SRC by the FDA at the request of SAMHSA.
- The Survey Sampling, Inc. (SSI) Business Data Base – purchased in order to ensure comprehensive coverage of privately operated programs.

The Wave IV sample was assigned to 12 stratum codes as defined by the same primary stratification criteria as existed for the Wave II sample (public vs. private program, methadone vs. drug-free treatment, and program – CMHC, hospital, or freestanding). However, the database components of the NFSATP did not always supply all the necessary information needed to classify each program to one of the 12 strata. These programs with incomplete information for stratum assignments were, as a rule, included in the private, non-hospital, non-methadone stratum.

It was determined that the outpatient drug treatment program sector that had experienced the most growth correlated with the private, non-hospital, non-methadone stratum. Thus it was decided that the supplemental sample would be a subsample of the NFSATP programs that were known to be private, non-hospital, non-methadone programs or for which there was incomplete information for proper classification into one of the 12 stratum as described above. After initial screening of this subsample for eligibility, 270 programs were determined to be eligible for interviews. Of these, 231 total programs provided a program director interview, a clinical

supervisor interview, or both. Based on the more complete information gathered from the interviews, 81 programs were reclassified into one of the other 11 stratum.

### Nature of the Data

Many of the variables fall into three categories: facility financial information, client counts, and director/supervisor background information. The remaining variables fall into a wide range of topics (opinions, staff/client information, programs and services offered, etc.). Staff and client information are only reported in aggregate.

### Confidentiality Protection

Several measures were taken to protect the confidentiality of the NDATSS facilities, as well as the facility directors and clinical supervisors. First, direct identifiers such as facility, supervisor, and director IDs were removed from the file. Second, no geographic identifiers are included in the public-use file. Finally, some variables were categorized and recoded so that details that might identify an individual (e.g., specific age) would be less likely to do so. The recodes are provided in Table 1.

**Table 1. Recodes**

**Weighting Information**

Each of the three data files come with two weight variables, a trimmed weight and a centered weight. Both of these weight variables are derived from an original weight variable (not included in the public data file). For each wave of the data, the original weight variable was produced by the principal investigator in order to reduce bias, which may be associated with unequal sample

selection probabilities and non-response. Trimmed and centered weights are defined as follows:

*Trimmed Weight:* One disadvantage of weighting to decrease bias is that it might increase the variance of weighted estimates. When it appears that a few weights are disproportionately affecting the variance, then outlier weights are often trimmed. With trimming it is implicitly assumed that the potential increase in bias is small relative to the reduction in variance. The ultimate goal of weight trimming is to reduce the sampling variance more than enough to compensate for the possible increase in bias and, thereby, to reduce the mean squared error. For this study, the trimming consisted of reducing outlier weights to a value slightly larger than the next largest value within the same stratum. To maintain the total sum of all weight values, the excess "trimmed" weight was then redistributed to the other weight values within the same stratum.

*Centered Weight:* When a typical weight is applied, the weighted estimates are inflated to the full population value from which the sample was drawn. This results in standard errors that are inappropriately deflated. Centered weights are commonly used to avoid this problem. The centered weights for this study are calculated by taking the trimmed weight for each case and dividing by the mean of the trimmed weight variable.

### **User Responsibility**

Users are reminded that the data are to be used solely for statistical analysis and reporting of aggregated information and not for investigation of specific individuals or organizations.

**Processor Note**

Many of the variables in this study have value labels that have been shortened or abbreviated by the principal investigator (PI) due to space considerations. For many of these instances, the original PI supplied codebooks can be referenced for a more detailing listing of value labels. These codebooks are included in this document as appendices. There are two PI codebooks, one director and one supervisor codebook for this wave of data. The variable numbering (naming) in the PI codebooks does not always exactly match up with the variable numbering in the public release data files. However, the primary use of these PI codebooks is the value label tables within each codebook.

**PROGRAMMATIC CHANGES****V4667****G1.LST FYR:#SAT CLIENTS**

We are interested in changes in the number of substance abuse clients in certain groups who receive treatment at your outpatient unit, and in programs your unit may have to meet the needs of specific groups of clients. For the most recent complete fiscal year, how many substance abuse clients received treatment at your outpatient unit?

## APPENDICES

## APPENDIX A: WAVE II DIRECTOR QUESTIONNAIRE CODEBOOK

## Outpatient Drug Abuse Treatment Survey

**DIRECTOR'S QUESTIONNAIRE, WAVE 2 (1988)**

**Codebook**

**VAR NAME**

**Outpatient Drug Abuse Treatment**

General Coding Instructions  
Director's & Supervisor's Questionnaires

1. Project Staff Editors have used **green pencil** to indicate changes/ updates/ revised data for you to code--always enter the figures indicated in green. If you have a question about the editing, feel free to ask the Editing (Tom Vaughn) or Coding (Joan Scheffler) Supervisors.
2. Before you begin coding, read the Thumbnail sketch.
3. As you code, read all marginal notes! This is critical for these questionnaires, as there are a wide variety of SA units or agencies trying to answer questions that may be very difficult for some kinds of units. If no one is immediately available to answer a question, do not ignore the problem. Indicate what you code in blue pencil beside the item and flag the page with a small "yellow sticky" (post-it-note). If your decision requires a MAKE CARD, fill it out, but leave it in the interview at the flagged page. Put these interviews on the Coding Supervisor's desk or in a "problem box" if one is provided.
4. If a range is given in answer to an amount or % question, code the midpoint. If the midpoint = .5 (and no decimal places are allowed in the coding format), round to the nearest whole odd number.

NOTE: If a range is given in answer to a request for an average or "typical" amount and it is broader than 20 points, make a card or ask a supervisor before coding a midpoint.

ALSO NOTE: Many numbers are indicated by interviewers as 10 ---> 25. This is not a range. This indicates a change in the Respondent's answer and should be coded as the new figure only (in this example, code 25).

5. If you have an answer outside a valid code range, code the actual amount given by R, override the error message, and make a card. We will expand the machine range to include actual responses. Be sure to give the card to the Coding Supervisor, not just put it in a stack on your desk or the Card Box, as I want to get these changes made as promptly as possible.
6. In paired mode of response Q's (ex. DIR B31 or SUP C29a):  
Where R may answer "# OR %" or "MONTHS OR YEARS", when coding a NONE, DK or NA, use that code in both fields. Thus, a DK for "# or %" is coded 9998, 998.
7. When any "MAKE CARDS", leave inside interview (at appropriate pages) and give to Joan for review.
8. On grids like C11 b & c (DIR) or B26b & c (SUP), when item b or c is all blank, or "none" is written in, code 5 for b and 9 for c.

**VAR NAME**

**ODA 2 -- GLOSSARY OF ABBREVIATIONS**

AA -- Alcoholics Anonymous

ADAMHA -- Alcohol and Drug Abuse and Mental Health Administration  
(source of funds often only referred to as "Block Grant")

ACOA -- Adult Children of Alcoholics

ADETS -- Alcohol/Drug Education Traffic School

CMHC -- Community Mental Health Center

COA -- Children of Alcoholics

Co-Dependency Program -- Client and partner go through a therapy program  
together

DA -- Drug Abuse

DEA -- Drug Enforcement Agency

DRG -- Diagnostic Reference Group

Dual Diagnosis -- Client with a (major) mental health problem and a drug  
problem

DUI/DWI -- Driving Under the Influence or Driving While Intoxicated  
(court designations which often send arrestees into counseling programs)

EAP -- Employee Assistance Program

FDA -- Food and Drug Administration  
HERO -- An AIDS program

JCAH -- Joint Commission on Accreditation of Hospitals

**VAR NAME**

JCAHO -- Joint Commission on Accreditation of Health Organizations

MHMR -- Mental Health and Mental Retardation

NA -- Narcotics Anonymous

OSAS -- Office of Substance Abuse Services (state)

Outreach -- has two different uses:  
a. outreach into community to educate the general public  
b. outreach to where clients are -- onto the streets, etc.

PTSD -- Post Traumatic Stress Disorder (frequently refers Vietnam veterans)

SA -- Substance Abuse

STARR -- Street Teens for AIDS Risk Reduction

Title 20 -- Federal Public Insurance funded by H.H.S.

648 Board -- Community Mental Health Contract Board (name comes from the number of the legislation designating their function)

**VAR NAME**

Missing Data Codes referred to below:

.A = REFUSAL (Respondent refuses to answer)  
.B = NFM (respondent gives no further mentions to open-ended question)  
.C = SKIP Q (question was skipped due to a skip pattern from an earlier question)  
.D = DK (respondent does not know)  
.E = NA (not ascertained by interviewer)  
.F = NO INTVW (no interview with this Director)  
.G = SEE OTHR (see other question as indicated)  
.H = W COCAIN (crack figures are included with cocaine)  
.J = NOT WAVE (Unit was not in this wave)

Director's Questionnaire

.J = NOT WAVE

**VAR NAME**

**SECTION A**

We would like to begin the survey by asking you some questions about the history and mission of this outpatient unit.

V4013      A1.    In what month and year did this unit begin providing outpatient substance abuse treatment services?--MONTH

Code MONTH (01-12)

.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

V4014      A1.    In what month and year did this unit begin providing outpatient substance abuse treatment services?--YEAR

Code YEAR (50-88)

.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

V4015      A2.    At the time your outpatient unit was originally founded, what was its mission or goals?

NOTE: Ignore reference to what county or other geographic area is served by R's Unit (e.g., "provide drug education for York County Schools" = 71).

<p><u>TARGET POPULATIONS</u></p>
----------------------------------

01. High Income; professionals; "affluent"
02. Low Income; poor; destitute; homeless
03. Youth/adolescents/children/teens/juveniles
04. Older adults/seniors/aged
05. Women
06. Minority populations...general or NFS (see 13)
07. (Vietnam) veterans
  
11. Court generated drug abuse cases, incl. DUI/DWI

**VAR NAME**

- 12. Members of an organization (an HMO, Union, company)
- 13. American Indians
  
- 19. Other target populations

**TARGET DRUGS**

- 21. Heroin; "opiates"
- 22. Alcohol
  
- 29. Other target drug

**METHODS OF TREATMENT**

- 41. Rehabilitation services
- 42. Detox
- 43. Aftercare/Treatment following inpatient treatment
  
- 51. Use of methadone (or other drugs) for maintenance/to control addiction;  
"chemotherapy"; NA 51 or 52
- 52. Use of methadone (or other drugs) to get free of drugs
- 53. Counseling/therapy (individual, group)
- 54. Treat (SA) client and family members; codependency
- 55. Holistic approach
- 56. AA/NA approach
  
- 59. "Treatment" NFS; "provide drug abuse services";  
"reduce problem of drug abuse"

**OTHER GOALS**

- 71. Education/prevention (to general public)
- 72. Provide alternative to residential treatment
- 73. Referrals--channel people to (appropriate) treatment sources
- 74. Crisis intervention; hotline
- 75. General/comprehensive mental health services
- 76. Assessment/evaluation service
  
- 91. Employ former abusers (drug and/or alcohol) as counselors or other treatment aid positions
  
- 97. Other

- .B = NFM
- .D = DK
- .E = NA
- .F = NO INTVW
- .J = NOT WAVE

V4016            A2.    At the time your outpatient unit was originally founded, what was its mission or goals?

**VAR NAME**

NOTE: Ignore reference to what county or other geographic area is served by R's Unit (e.g., "provide drug education for York County Schools" = 71).

**TARGET POPULATIONS**

01. High Income; professionals; "affluent"
02. Low Income; poor; destitute; homeless
03. Youth/adolescents/children/teens/juveniles
04. Older adults/seniors/aged
05. Women
06. Minority populations...general or NFS (see 13)
07. (Vietnam) veterans
  
11. Court generated drug abuse cases, incl. DUI/DWI
12. Members of an organization (an HMO, Union, company)
13. American Indians
  
19. Other target populations

**TARGET DRUGS**

21. Heroin; "opiates"
22. Alcohol
  
29. Other target drug

**METHODS OF TREATMENT**

41. Rehabilitation services
42. Detox
43. Aftercare/Treatment following inpatient treatment
  
51. Use of methadone (or other drugs) for maintenance/to control addiction; "chemotherapy"; NA 51 or 52
52. Use of methadone (or other drugs) to get free of drugs
53. Counseling/therapy (individual, group)
54. Treat (SA) client and family members; codependency
55. Holistic approach
56. AA/NA approach
  
59. "Treatment" NFS; "provide drug abuse services"; "reduce problem of drug abuse"

**OTHER GOALS**

71. Education/prevention (to general public)
72. Provide alternative to residential treatment
73. Referrals--channel people to (appropriate) treatment sources
74. Crisis intervention; hotline

**VAR NAME**

- 75. General/comprehensive mental health services
  - 76. Assessment/evaluation service
  
  - 91. Employ former abusers (drug and/or alcohol) as counselors or other treatment aid positions
  
  - 97. Other
- .B = NFM  
.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

- V4017      A3.    To what extent do the individuals who originally founded this outpatient unit influence current policies and goals? Would you say to no extent, a little, some, great, or to a very great extent?
- 1. NO EXTENT
  - 2. A LITTLE EXTENT
  - 3. SOME EXTENT
  - 4. A GREAT EXTENT
  - 5. A VERY GREAT EXTENT
- .D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

- V4018      A4.    Are the current mission and goals of this treatment unit significantly different from the original mission and goals?

1. YES

C in V4019-V4020 0. NO

.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

- V4019      A4a.    (In what ways are they different?) (Any others?)

CHANGED TARGET POPULATIONS

- 10. Changed population served--NFS
- 11. Expanded age range

**VAR NAME**

- 12. Outreach to find those (most) in need of treatment
- 13. Now treat poor/low income
  
- 19. Other target population change

**CHANGED TARGET DRUGS**

- 21. Now include alcohol
- 22. Broadened from alcohol to include other drugs
  
- 29. Other change in drugs treated

**CHANGED METHODOLOGY OR TREATMENT APPROACH**

- 31. From maintenance goal to abstinence/drug free; from medication (incl. methadone) approach to therapy/ counseling emphasis

**BROADENED/EXPANDED SERVICES OFFERED**

- 41. Broader focus of treatment for an individual client: we now involve the family/now try to solve secondary problems like unemployment or housing; provide (more) peripheral services to substance abusers: halfway house; nutrition counseling; job training
- 42. Now do (more) education/prevention
- 43. Now does SA treatment/counseling (previously only education, referral, etc.)
- 44. Now offer specialized treatment programs for target populations (exc. 52)
  
- 49. "Broader/more comprehensive program"--NFS; treat all mental health problems now
  
- 51. Now do referrals
- 52. Now do AIDS counseling/education
  
- 81. Reduced non-SA involvement; no longer treat general mental health problems
  
- 97. Other

.B = NFM  
.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

.C = SKIP Q (when V4018=NO, DK, NA)

V4020      A4a. (In what ways are they different?) (Any others?)

**CHANGED TARGET POPULATIONS**

- 10. Changed population served--NFS
- 11. Expanded age range
- 12. Outreach to find those (most) in need of treatment

**VAR NAME**

- 13. Now treat poor/low income
- 19. Other target population change

**CHANGED TARGET DRUGS**

- 21. Now include alcohol
- 22. Broadened from alcohol to include other drugs
- 29. Other change in drugs treated

**CHANGED METHODOLOGY OR TREATMENT APPROACH**

- 31. From maintenance goal to abstinence/drug free; from medication (incl. methadone) approach to therapy/ counseling emphasis

**BROADENED/EXPANDED SERVICES OFFERED**

- 41. Broader focus of treatment for an individual client: we now involve the family/now try to solve secondary problems like unemployment or housing; provide (more) peripheral services to substance abusers: halfway house; nutrition counseling; job training
- 42. Now do (more) education/prevention
- 43. Now does SA treatment/counseling (previously only education, referral, etc.)
- 44. Now offer specialized treatment programs for target populations (exc. 52)
- 49. "Broader/more comprehensive program"--NFS; treat all mental health problems now
- 51. Now do referrals
- 52. Now do AIDS counseling/education
- 81. Reduced non-SA involvement; no longer treat general mental health problems
- 97. Other

.B = NFM  
.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

.C = SKIP Q (when V4018=NO, DK, NA)

V4021

- A5. To what extent have the mission and goals of this unit been formally stated and written down? Would you say to no extent, a little, some, great, or to a very great extent?

- 1. NO EXTENT
- 2. A LITTLE EXTENT
- 3. SOME EXTENT
- 4. A GREAT EXTENT
- 5. A VERY GREAT EXTENT

**VAR NAME**

.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

A6. We would like to get your views about some issues of service quality and cost. Please tell me how strongly you agree or disagree with each of the following statements.

V4022 A6a. It is important for this outpatient substance abuse unit to keep its costs as low as possible even if it means "cutting corners" on some services. Would you say that you strongly agree, somewhat agree, neither agree nor disagree, somewhat disagree, or strongly disagree?

1. STRONGLY AGREE
2. SOMEWHAT AGREE
3. NEITHER AGREE NOR DISAGREE
4. SOMEWHAT DISAGREE
5. STRONGLY DISAGREE

.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

V4023 A6b. Careful screening and selection of clients is important to control costs. (Would you say that you strongly agree, somewhat agree, neither agree nor disagree, somewhat disagree, or strongly disagree?)

1. STRONGLY AGREE
2. SOMEWHAT AGREE
3. NEITHER AGREE NOR DISAGREE
4. SOMEWHAT DISAGREE
5. STRONGLY DISAGREE

.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

V4024 A6c. It is important for this unit to make a financial profit from the services it offers.

1. STRONGLY AGREE
2. SOMEWHAT AGREE

**VAR NAME**

3. NEITHER AGREE NOR DISAGREE
4. SOMEWHAT DISAGREE
5. STRONGLY DISAGREE

.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

V4025      A6d.    It is acceptable for substance abuse treatment units to make a financial profit from the services they offer.

1. STRONGLY AGREE
2. SOMEWHAT AGREE
3. NEITHER AGREE NOR DISAGREE
4. SOMEWHAT DISAGREE
5. STRONGLY DISAGREE

.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

V4026      A6e.    Private for-profit substance abuse treatment units are able to provide services more efficiently than public treatment units.

1. STRONGLY AGREE
2. SOMEWHAT AGREE
3. NEITHER AGREE NOR DISAGREE
4. SOMEWHAT DISAGREE
5. STRONGLY DISAGREE

.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

V4027      A6f.    It is important for this unit to maintain the highest possible standards for care regardless of the costs.

1. STRONGLY AGREE
2. SOMEWHAT AGREE
3. NEITHER AGREE NOR DISAGREE
4. SOMEWHAT DISAGREE

**VAR NAME**

5. STRONGLY DISAGREE

.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

V4028      A6g.    Clients should have access to high quality care regardless of their ability to pay.

1. STRONGLY AGREE
2. SOMEWHAT AGREE
3. NEITHER AGREE NOR DISAGREE
4. SOMEWHAT DISAGREE
5. STRONGLY DISAGREE

.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

V4029      A6h.    The financing of substance abuse treatment is primarily a public sector responsibility.

1. STRONGLY AGREE
2. SOMEWHAT AGREE
3. NEITHER AGREE NOR DISAGREE
4. SOMEWHAT DISAGREE
5. STRONGLY DISAGREE

.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

V4030      A6i.    Private insurers and employers should be required to provide coverage for substance abuse treatment.

1. STRONGLY AGREE
2. SOMEWHAT AGREE
3. NEITHER AGREE NOR DISAGREE
4. SOMEWHAT DISAGREE
5. STRONGLY DISAGREE

.D = DK

**VAR NAME**

.E = NA  
.F = NO INTVW  
.J = NOT WAVE

V4549      E4.      Over the past year, would you say competition for resources between your outpatient unit and other substance abuse treatment units has increased a great deal, increased some, remained the same, decreased some, or decreased a great deal?

**VAR NAME**

- .C in V4550-V4551
1. INCREASED A GREAT DEAL
  2. INCREASED SOME
  3. REMAINED THE SAME
  4. DECREASED SOME
  5. DECREASED A GREAT DEAL

.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

V4550 E4a. In your opinion why has the competition for resources changed? (PROBE IF ANSWER UNCLEAR)

Financial

01. No money/less money available; compete for scarce funding
02. (More) money available; agencies move into areas/types of programs for which there is funding available (hence, more competition); (more) insurance plans will pay for SA treatment
03. Profits/increase in revenues to agencies; money to be made in (certain types of) treatment
04. Advertising/marketing of services by treatment units
  
11. More work/clients; there are more people in need of help/treatment
12. More agencies in the field; increased # of treatment providers; increase in competition for gov't. funds by for-profit agencies
13. Fewer (well trained/qualified) staff available; smaller pool of treatment workers; more work therefore more competition for the present pool of workers
14. Fewer agencies available; agencies have closed or no longer do SA (therefore less competition for clients)

21. (More) cooperation/coordination among treatment units; "working together more"

97. Other

.B = NFM  
.D = DK  
.E = NA

.C = SKIP Q (when V4650=2)

V4659 F4. Why do you think your unit has its current level of acceptance by [NAME OF PARENT ORGANIZATION]? (Any other reason?)

Reasons for Acceptance

01. Services we offer--types or variety of services
02. Quality of service/treatment offered; we do good work; reputation/recognition we have in the field
03. Staff professional/respected; quality of staff
04. Costs are reasonable/low; we make money/profit
  
11. (Only) resource/treatment available; "only unit in the area with SA training"; have time/space to take (new) clients; we don't turn people away
  
21. Share common goals; have same commitment/goals; they understand what we're trying to do
22. Familiarity together; teamwork; all in same location; know each other

Reasons Not (More) Accepted

51. Lack common goals or training; "they are a medically trained group and have a higher level of education"; lack of understanding (of our work)
52. Lack of familiarity or proximity; separate work areas; they don't know/have contact with us; "we haven't been here as long"
53. Stigma of drugs; undesirability of our clients
  
67. Other reasons not (more) accepted

97. Other

### Outpatient Drug Assessment

#### General Coding Instructions Director's & Supervisor's Questionnaires

1. Project Staff Editors have used **green pencil** to indicate changes/ updates/revised data for you to code-- always enter the figures indicated in green.
  2. Before you begin coding, read the Thumbnail sketch.
  3. As you code, read all marginal notes! This is critical for these questionnaires, as there are a wide variety of SA units or agencies trying to answer questions that may be very difficult for some kinds of units. If no one is immediately available to answer a question, do not ignore the problem. Indicate what you code in blue pencil beside the item and flag the page with a small "yellow sticky" (post-it-note). If your decision requires a MAKE CARD, fill it out, but leave it in the interview at the flagged page. Put these interviews on the Coding Supervisor's desk or in a "problem box" if one is provided.
  4. If a range is given in answer to an amount or % question, code the midpoint. If the midpoint = .5 (and no decimal places are allowed in the coding format), round to the nearest whole odd number.  
  
NOTE: If a range is given in answer to a request for an average or "typical" amount and it is broader than 20 points, make a card or ask a supervisor before coding a midpoint.  
  
ALSO NOTE: Many numbers are indicated by interviewers as 10 ---> 25. This is not a range. This indicates a change in the Respondent's answer and should be coded as the new figure only (in this example, code 25).
  5. If you have an answer outside a valid code range, code the actual amount given by R, override the error message, and make a card. We will expand the machine range to include actual responses. Be sure to give the card to the Coding Supervisor, not just put it in a stack on your desk or the Card Box, as I want to get these changes made as promptly as possible.
  6. In paired mode of response Q's (ex. DIR B31 or SUP C29a):  
Where R may answer "# OR %" or "MONTHS OR YEARS", when coding a NONE, DK or NA, use that code in both fields. Thus, a DK for "# or %" is coded 999v5566, 99v5566.
  7. When any "MAKE CARDS", leave inside interview (at appropriate pages) and give to Joan for review.
- v5566. On grids like C11 b & c (DIR) or B26b & c (SUP), when item b or c is all blank, or "none" is written in, code 5 for b and 9 for c.

## VAR NAMES

### ODA 2 -- GLOSSARY OF ABBREVIATIONS

AA -- Alcoholics Anonymous

ADAMHA -- Alcohol and Drug Abuse and Mental Health Administration  
(source of funds often only referred to as "Block Grant")

ACOA -- Adult Children of Alcoholics

ADETS -- Alcohol/Drug Education Traffic School

CMHC -- Community Mental Health Center

COA -- Children of Alcoholics

Co-Dependency Program -- Client and partner go through a therapy program together

DA -- Drug Abuse

DEA -- Drug Enforcement Agency

DRG -- Diagnostic Reference Group

Dual Diagnosis -- Client with a (major) mental health problem and a drug  
problem

DUI/DWI -- Driving Under the Influence or Driving While Intoxicated  
(court designations which often send arrestees into counseling programs)

EAP -- Employee Assistance Program

FDA -- Food and Drug Administration  
HERO -- An AIDS program

JCAH -- Joint Commission on Accreditation of Hospitals

JCAHO -- Joint Commission on Accreditation of Health Organizations

## VAR NAMES

MHMR -- Mental Health and Mental Retardation

NA -- Narcotics Anonymous

OSAS -- Office of Substance Abuse Services (state)

Outreach -- has two different uses:  
a. outreach into community to educate the general public  
b. outreach to where clients are -- onto the streets, etc.

PTSD -- Post Traumatic Stress Disorder (frequently refers Vietnam veterans)

SA -- Substance Abuse

STARR -- Street Teens for AIDS Risk Reduction

Title 20 -- Federal Public Insurance funded by H.H.S.

648 Board -- Community Mental Health Contract Board (name comes from the  
number of the legislation designating their function)

### Clinical Supervisor's Questionnaire

#### SECTION A

We would like to ask you some questions about sources that refer clients to your outpatient substance abuse unit.

A1. In the past year, to what extent has your outpatient unit received referrals from...

V5013 A1a. ...vocational rehabilitation centers? Would you say to no extent, a little, some, great, or to a very great extent?

V5030 A2. Of the referral sources just mentioned, which is the most important source of referrals to your outpatient substance abuse treatment unit?

### From QA1a-A1n

- 
01. Vocational rehabilitation centers (a)
  02. Courts (b)
  03. Hospitals (c)
  04. Private clinics (d)
  05. Physicians (e)
  06. Department of Social Services (f)
  07. Mental health agencies (g)
  08. Employee assistance programs (h)
  09. Police (i)
  10. Schools (j)
  
  11. Churches (k)
  12. Self-referrals (l)
  13. Friends of clients (m) (includes referrals by previous clients)
  14. Family of clients (n)
- Categories 01-14  
are matched to  
QA1a-n.

### From QA1o.

51. Inpatient facilities/programs; "hospitals"
52. AA
53. HMO's
  
61. DUI/DWI programs (except 12)
62. Probation/parole dept.
- 63.

72. Lawyers
  
97. Other

.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

V5031 A3. Why do you consider (FILL IN WITH RESPONSE FROM A2) the most important source of referrals to your outpatient substance abuse treatment unit?

V5032 01. Have only a few referral sources--therefore each/ this one is important

02. Source accounts for a large percent of our referrals; large # of referrals; a major source of

## VAR NAMES

clients

03. Exchange of referrals; source takes referrals of cases we get that are more suitable for them/their services and they do the same for us
04. Source has clients to refer who are good candidates for treatment; their clients are in early stages of addiction/abuse; "getting them young improves chances for success" (school referrals); they understand/recognize the problems and refer appropriate clients
05. Qualities of referrals: source has continuing relationship with client/is supportive of the treatment which improves chances for success; "they follow up and help us"; "if family/friends involved in the referral, they help make it work"
06. Motivated clients from this source (incl. self referrals); source provides motivation/sanctions which encourages clients to work in treatment (example: court referrals)
07. Clients from this source meet funding or contractual obligations for our agency; "our funding requires that we treat 'x' type of client"
08. (Continuing) Referrals from source shows we are doing a good job/have a good reputation/are effective; improves our public image/relationship with the community
09. Clients from this source are agency's target population; they have access to the people we're trying to help/that we are geared to treat

### R REFERS TO IMPORTANCE TO CLIENT RATHER THAN AGENCY

21. We're the only (appropriate) agency available; we're the only ones in the area who provide "x" service (implication is that it's critical for these people to get help and referrals to R's agency is client's only chance for help)
22. These clients bring other clients; our success with these (referral) clients means other people come to us; others see we are effective/helpful and they seek help or refer other people to us
29. Other reference to importance to clients
51. Financial reasons; important source of funds/fees
95. Is not critical; we could manage without them
97. Other reasons why referral source is important to agency

## VAR NAMES

V5050 A8. Why do you consider (ORGANIZATION FROM A7) the most important organization to which your unit refers clients?

### Services general

01. Because they're (most) like us; offer same services, serve same client population as we do
02. They complement our services, have the services we lack--NFS
03. More comprehensive/broader program than our unit; can offer client better coverage or more services than we can; have access to other services/referral sources (that we don't); open all hours

### Have specific services

11. Inpatient, incl. detox
12. Methadone maintenance
14. Medical care or services; medicaid coverage
15. Housing; provide for basic needs; food; "for social services"--NFS
16. Employment services; vocational rehabilitation
17. General mental health therapy services

### Service characteristics

31. Cost is low(er)/reasonable; no charges
32. Quality of service; "they are the best at what they do"; "well established"; "good reputation"
33. Quality of staff; level of staff training; have more skilled/more highly trained staff
34. Accessible/convenient for clients
35. This is part of our program/routine; we work together to aid the client
36. Treatment/support is available daily/all hours/ whenever client needs it; support available (after our treatment (indefinitely))
39. It's good/best source--NA why; "philosophically the best approach"; "important/vital to follow 12-step model"--NA why

### Client progress

41. Removed client from surroundings/source of problem/ people who are a bad influence; puts client into structured/controlled environment
42. Integrates client into reality/new environment; provides a positive source of support/motivation to client; helps client accept/become aware of his disease/drug problem
43. Maintains/improves client progress; help client stay clean/ sober after treatment; they need support after treatment to stay off drugs; "it works"

### SECTION B

Next I have some questions about the staff in your outpatient substance abuse treatment unit.

V5060 B1. Excluding consultants and independent contractors, how many full-time paid staff, those working 35 hours per week or more, are currently employed in your outpatient unit?

Code # FULL-TIME PAID STAFF (000-100)

.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

V5061 B2. Excluding consultants and independent contractors, how many part-time paid staff, those working less than 35 hours per week, are currently employed in your outpatient unit?

Code # PART-TIME PAID STAFF (000-100)

.C in V5062

000. NONE

.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

V5062 B3. (Again, not counting consultants and independent contractors and), including both full and part-time paid staff, how many full time equivalents, that is, FTEs, are currently employed in your outpatient substance abuse treatment unit?

Code # OF PAID FTE's to one decimal place (000.1-100.9)

.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE

Code # of FTE's to  
one decimal place--  
i.e., "2 1/2"=0025.

.C = SKIP Q (when V5012=1; V5061=0)

V5063 B3. (Again, not counting consultants and independent contractors), altogether, what is the sum total number of hours per week these part-time staff work at your unit?  
(Revised Q)

Code TOTAL NUMBER OF HOURS (0001-2000)

.D = DK

## VAR NAMES

.E = NA  
.F = NO INTVW

## VAR NAMES

### SECTION C

Next we have some questions about the diagnosis and treatment of your unit's outpatient substance abuse clients. In the following questions we want you to include services either administered by your unit directly or by contract with others.

V5178 C1. For what percent of outpatient substance abuse clients does your unit evaluate the severity of the client's drug problem?

Code PERCENT (000 - 100)

000. NONE

996. Refer out; this done for us by others

.D = DK

.E = NA

.F = NO INTVW

.J = NOT WAVE

V5179 C2. (For what percent of outpatient substance abuse clients does your unit obtain a drug abuse history of the client?

Code PERCENT (000 - 100)

000. NONE

996. Refer out; this done for us by others

.D = DK

.E = NA

.F = NO INTVW

.J = NOT WAVE

V5180 C3. (For what percent of outpatient substance abuse clients does your unit) obtain information on the client's perception of his or her dependence?

Code PERCENT (000 - 100)

000. NONE

996. Refer out; this done for us by others

.D = DK

.E = NA

.F = NO INTVW

.J = NOT WAVE

## VAR NAMES

- V5181 C4. (For what percent of outpatient substance abuse clients does your unit test specifically for AIDS?  
Code PERCENT (000 - 100)  
  
000. NONE  
  
996. Refer out; this done for us by others  
  
.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE
- V5182 C5. (For what percent of outpatient substance abuse clients does your unit) assess support networks available to the client?  
  
Code PERCENT (000 - 100)  
  
000. NONE  
  
996. Refer out; this done for us by others  
  
.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE
- V5183 C6. (For what percent of outpatient substance abuse clients does your unit conduct physical examinations?  
  
Code PERCENT (000 - 100)  
  
000. NONE  
  
996. Refer out; this done for us by others  
  
.D = DK  
.E = NA  
.F = NO INTVW  
.J = NOT WAVE
- V5184 C7. (For what percent of outpatient substance abuse clients does your unit) conduct medical tests to assess health status?  
  
Code PERCENT (000 - 100)  
  
000. NONE

## VAR NAMES

996. Refer out; this done for us by others

.D = DK

C22. In your view, what are the major reasons for substance abuse? (Any other reasons?)

01. FAMILIAL ENVIRONMENT/LIVING SITUATION (SUCH AS FAMILIAL STRESS OR DYSFUNCTION)--any mention  
ex. -family patterns and customs; parents abuse drugs  
-being raised around that type of environment  
-has more to do with peoples' living situation  
-family history, reasons coming out of a person's developmental history  
-family abuse, incest, etc.
02. PEER PRESSURE  
ex. -with students it's peer pressure; peer influence  
-falling in line, begin with social use and

NOTE: C22-C24 |  
were precoded by |  
the project staff. |

## VAR NAMES

then progress  
-to be socially accepted

03. ENVIRONMENTAL/SOCIETAL PRESSURES AND EXTERNAL STRESS (OTHER THAN FAMILIAL OR PEER IN ORIGIN)  
ex. -roles not specifically identified  
-pressure of outside forces; gender issues in conflict  
-acceptance of problem by society  
-cultural acceptance of alcoholism; media encourage immediate gratification  
-the environment itself; geographical environment
04. PROBLEMS WITH PSYCHO-SOCIAL SKILLS INCLUDING POOR COPING SKILLS AND MECHANISMS, ESCAPISM, LACK OF PROBLEM SOLVING AND/OR SOCIAL SKILLS  
ex. -values clarification; self medicating  
-clients are typically ineffectual and lack of control in their lives  
-substance abuse alleviates the problem temporarily  
-as a means of escape for individuals who are under a great deal of stress and anxiety  
-inability to cope with life on life's terms  
-inability to relax  
-statements regarding negative emotion not specifically mentioned under another code; e.g., loneliness, dissatisfaction, fear, emotional distress
05. LACK OF SELF ESTEEM  
ex. -self hate; low self image; poor perception of self  
-feelings of inadequacy; lack of confidence
06. AVAILABILITY OF DRUGS TO INDIVIDUALS  
ex. -availability in schools and in peer groups  
-easy access
07. GRATIFICATION/RECREATION/BOREDOM  
ex. -inappropriate use of leisure time; they benefit from it  
-experimentation and curiosity; they like the feeling  
-people have a sense of immediacy and wish gratification  
-they want to; it feels good; for fun  
-it starts out being a good time; nothing else to do
08. REBELLION  
ex. -it's a way to break the law, that's what some

## VAR NAMES

people want to do  
-power struggle for authority; rebellion  
against authority  
-way to retaliate against parents and teachers

### 09. PSYCHOLOGICAL/PERSONALITY PROBLEMS INCLUDING CHARACTER DISORDERS (except 04 and 05)

ex. -dependent personality; usually depression  
-some kind of personality or character problems  
or malfunction  
-I think it's self-destructive behavior...  
suicidal  
-I think there are psychological rather than  
sociological factors  
-addictive personality  
-faulty behavior cycles  
-impulsive disorder  
-irresponsibility

### 10. CHEMICAL DEPENDENCY AS A RESULT OF AN INJURY OR AN ILLNESS SECONDARY TO SOME MEDICAL CONDITION OR TREATMENT

ex. -medical addiction  
-medical reasons

### 11. HEREDITARY/GENETIC FACTORS

ex. -tendency to hereditary factors; genetic load  
-probably biologically based predisposition  
-one consideration may be genetic  
-physiological predisposition  
-include here any mention of biochemical  
imbalance

### 12. ECONOMIC PROBLEMS INCLUDING ECONOMIC DEPRIVATION AND LOSS OF EMPLOYMENT

ex. -poor future outlook; lack of employment  
-unemployment for the young; employment  
problems

### 13. LACK OF KNOWLEDGE/UNDERSTANDING OF DRUGS AND THEIR EFFECTS

ex. -ignorance about the drug or particular drug;  
lack of education about drugs

### 14. DISEASE MODEL

ex. -it's a disease; the disease itself

### 15. Result of self-medication for an illness or injury; to relieve physical pain

### 16. ADDICTION, PHYSICAL DEPENDENCE, NFS

ex. -they are addictive  
-it becomes an addiction

## VAR NAMES

- they become physically dependent
- addictive qualities itself

17. Learned behavior

90. SA is a symptom of other problems--NFS
91. Depends on substance; causes differ ty type of drug
92. Depends on the person; each person has own causes/reasons/problems; "reasons too complex to generalize"

97. OTHER MENTIONS NOT CODEABLE IN THE ABOVE CATEGORIES

- ex. -substance abuse is the result of other problems
- I won't answer, this is so complex
  - the reason is that people who are abusing need help from a different angle
  - a vast separation between the client and God
  - lifestyle
  - lack of love

C23. In your view, what are the major reasons people recover from substance abuse? (Any other reasons?)

### PERSONAL/INDIVIDUAL EFFORTS

11. Desire/determination/hard work/commitment
  12. Insight/awareness of problem; understanding themselves/the problem; realization that they have a problem; learn (more) about themselves or effects of drug use; acceptance of the problem
  13. Bottom out; worn out; tired of the drug lifestyle; sick; experience major trauma due to use; crisis occurs; they are ready; doesn't work any more
  14. Improve/develop self confidence; self esteem--NFS
  15. Learn (new/other) coping strategies; take control of their lives; learn new behaviors; recognize that they have choices; make a choice; individual decision; abstain, stop using; find a substitute; find other gratification; get high on something else
  16. Fear of consequences of continued drug abuse; threat of jail/illness/loss of family; fear of other losses; fear of health losses
  17. Maturing; growing out of it
  18. Cost-benefit analysis; consequences outweigh benefits
  19. Spirituality: religious experience; divine intervention
29. Other personal/individual
- depends on the person
  - ready for a particular treatment

## VAR NAMES

- doing it for themselves
- the rediscovery of self
- sense of finding some empowerment inside themselves

V5244

C24. In your view, what are the most effective outpatient treatment approaches for substance problems? (Are there any others?)

01. Support group involvement; family/peer support groups; family education
02. Self-help groups--NFS
03. Individual therapy/counseling; incl. specific types such as confrontation, behavior modification, Gestalt, task-centered, reality-based, etc.
04. Group therapy
05. Outpatient program(s)/treatment--NFS
06. Inpatient/residential program or treatment--any type; inpatient detox (unit); therapeutic community
07. Medical treatment; treatment with Antabuse, Methadone, etc.
08. "Counseling"/"therapy"/"treatment"--NFS
09. Strict/controlled behavior of client; highly structured approach; regular urine testing
  
10. Assessment, diagnosis, referral; accurate diagnosis; referral of client to appropriate service(s); case management; case managed care

## VAR NAMES

11. Drug free/abstinence approach
  12. Family therapy; marriage counseling
  13. Multiple treatments (without specification): ex. comprehensive treatment; eclectic approach; holistic approach
  14. Outpatient day treatment; day hospital
  15. Aftercare--NFS
  16. AA or NA; 12-step method in an AA/NA group
  17. 12-step method, not specified as AA or NA
- 
19. Specific types of therapy, not clear whether group or individual, or not codeable as any of the above; e.g., psycho-drama, insight therapy, or psychotherapy

V5242  
V5243  
V5244

C24. Continued

21. Education of client; increased awareness/info about drugs or client's problems
  22. Environmental modification; change of friends, school, neighborhood
  23. Other changes in client behavior; improved coping/problem-solving/interpersonal skills; change in interests/activities; "maturity"
  24. Some quality which the therapeutic interaction must have; e.g., accepting people where they are without judgment, treat with dignity and respect, unconditional positive regard
  25. Client takes responsibility, becomes motivated, active, involved in treatment; e.g., participates in formulating goals
- 
31. Rehabilitation programs (incl. vocational and academic training)
- 
41. Treatment is client-dependent; approach depends on type of client or problem; different treatments are specified as being best for different kinds of clients
  42. Treatment is substance-determined; depends on type of addiction/substance used; different treatments are specified as being best for different kinds of substance abuse
- 
91. DK or can't answer because not my area of expertise: "I'm not a SA specialist"; not enough time/ background in the field

v5473            C76a. Please briefly describe this training:

v5474            Content of Training Specified

01-09 are		01.
high priority		

- Training in how to teach/reach/inform clients about the risks and preventative measures available; methods of effecting behavior changes to prevent AIDS
02. Prevention/education of unit staff in general facts or information; safe sex, clean needles, condoms
03. Diagnosis; "testing"; HIV tests; ARC
04. Services to AIDS victims; resources/facilities available; referrals; counseling/treatment for AIDS patients, incl. the terminally ill
05. Patient family/friends: support or information or counseling availability
06. General level statistics/demographics of the disease; research findings; characteristics or progress of the disease
09. Other specifics of training content

### Staff Providing Training Indicated As:

21. Health care or academic personnel
22. Governmental/officials: "State Dept. of Drug Abuse Services", "county program"
23. On site/in unit person

### Amount of Training (hours/days)

(Code total or highest amount mentioned)

31. One day or less; 8 hours or less
32. Two days; 9-16 hours
33. Three days; 17-24 hours
34. Four or more days

v5472            C76a. Continued

v5473            Mode of Training

v5474

41. Reading material; brochures, pamphlets, "handouts"; tapes
42. Informal: "inservice"; "lectures"; "discussions"; meetings; films; presentations
43. Formal: workshop/seminar; courses; classes; program; conferences
97. Other
